PROJECTS

PetHub | Repo | Deployed

- Pethub is a front-end based web application designed for anyone interested in responsibly adopting a pet.

- The user can find pets in all areas to adopt but giving the option to donate to animal charities if they do not feel ready for the commitment of owning a pet but still want to contribute to animals in need.

- Tools/Languages: HTML, CSS, JavaScript, jQuery, Web APIs, Tailwind CSS, AniJS

Team Profile Generator | Repo

- Team Profile Generator is a backend generated program designed to load team member information and display it in the terminal.

- This backend program is specifically designed around the utilization of unit testing. Upon completion of passing all tests in the terminal, the program can be run from the command line to generate a list of team members and their information.

- Tools/Languages: HTML5, CSS, JavaScript, Node.js, Jest

Git Productive | Repo | Deployed

- Git Productive is a full stack web development application designed for the use of developers to have a space for project, time, and data management.

- This site is used to alleviate any extra tasks or thinking for the user, as it will set reminders when it's time to get up and move around, track the amount of time they have worked on a specific project, and let them store and access crucial code in an organized fashion to reference later.

- Tools/Languages: Handlebars, CSS, JavaScript, daisyUI, Tailwind CSS, Node.js, MySQL, Anime.js, Sequelize, Bcrypt, Express, Express Session, Connect Session Sequelize, dotenv

WORK EXPERIENCE

Army National Guard   September 2018 - Present

Medical Officer   Reno, NV

- Efficiently lead four soldiers in a medical squad consisting of two officers and two enlisted soldiers, responsible for maintaining and enforcing 100% accountability of the squad personnel and equipment.

- Directly assist the Platoon Leader in developing and implementing monthly trainings, providing technical support in administrative tasks, and standing in as the Platoon Leader, watching over 40 soldiers in the absence of the Platoon Leader.

- Supervises individual and squad-level training and mentors subordinates to ensure that they are properly prepared for medical operations.

Nektar Therapeutics   May 2021 – March 2022

Reception Administrative Assistant   San Francisco, CA

- Worked collaboratively with an immediate team of four to produce a safe and healthy workplace for all employees and ensure all personnel returning to work were completed safely.

- Demonstrated exceptional communication and customer service skills while overseeing front office administrative duties. Earned the Nektar Star Award in October 2021 for making a significant impact on the work production of the research team and efficiency in supporting the team to transition back to on-site activities.

- Completed First Aid, Emergency Response, and HAZWOPER trainings to establish safety throughout the building, leading the roll call section for all emergency evacuations.
